

# LINECARD

SMART OPTIONS : SMART PRODUCTS

*Suppliers of diagnostic, analytical  
& process instrumentation*

**t**+27 11 608 2944 **f**+27 11 608 3825 **e** sales@peterjones.co.za

JONES  
ELECTRONIC EQUIPMENT

# Company overview

*Peter Jones Electronic Equipment has been in the diagnostic, analytical and process instrumentation industry since 1968 giving us 45 years experience in the South African market place. We specialise in liquid and gas flow, gas analysis, moisture measurement, sensors, machine vision systems, non-contact measurement systems and microscopes, as well as many other disciplines within the process instrumentation and control environment.*

ELECTRONIC EQUIPMENT

	Anritsu	Flexim	GL flow	Gow Mac	Graphtec	Kamen	Keyence	Kyowa	Moisture Register Products	Ono-sokki	Phymetrix
<b>Sensor &amp; Measurement Instruments</b>											
Fibreoptic sensors							●				
Photoelectric sensors							●				
Inductive sensors						●	●				
Proximity sensors							●				
Pressure sensors							●				
multi function sensors							●				
High precision measurement sensors							●				
Laser displacement sensors							●				
2D profile sensors							●				
PLC and touch panels							●				
Static elimination							●				
vision systems							●				
Laser markers							●				
Barcode readers							●				
Microscopes							●				
Laser micrometers							●				
Safety curtains							●				
<b>Gauges &amp; Measuring Instruments</b>											
Data acquisition systems					●			●			
Portable data loggers					●			●			
Portable FFT analysers								●		●	
Strain gauges								●			
Transducers								●			
Strain amplifiers								●			
Instrumentation amplifiers								●			
Automotive test equipment								●		●	
Traffic systems								●			
Civil engineering instruments								●
